

PELEE CYCLING ADVENTURE

“SOUTHERN EXPOSURE”

AUGUST 20TH-23RD 2017

Pelee sits on the edge of Lake Erie's north shore in the southern most region of Canada. It combines meandering bike routes, a national park, a unique island, historical towns, premier wineries, majestic Carolinian forests, a renowned bird sanctuary and FLAT countryside. What a great place for our late summer cycling adventure!

Your tour features fantastic cycling....one day on the mainland and the other on Pelee Island, winery visits, great meals and beautiful scenery.

Lots to see and do in the region....wine, water, birds, food and great cycling.

Pelee is a very magical place....Point Pelee, located on the mainland, became a national park in 1918....the region is on the same latitude as northern California...if you like fish then you must try the yellow perch -- yummy....Leamington is one of the tomato capitals of Canada...Pelee Island is accessible by ferry and the 32 kilometer journey from the mainland takes 1 1/2 hours.....the island is one of Canada's oldest grape growing regions.....the Pelee Island Waterfront Trail is a 28 km circular route following close to the shore along quiet country roads, through farmland, vineyards and natural areas on some paved and unpaved roads.....a ride and hike through the Point Pelee National Park is spectacular.....Kingsville is a historic community just west of Leamington is worth a visit.....there are quiet roads just west of Kingsville that are perfect for cycling....the Cyclopaths enjoyed a cycling adventure in Leamington in 2004 and it is time to go back.

Hope you can join me on this Great Escape.

The Best Western Plus Leamington is in a perfect location for our cycling adventure. The hotel, located at the eastern edge of the city, is close to Pelee National Park. The hotel features an indoor pool, free parking, a play atrium (a kid's paradise but grown ups can enjoy too) with ping pong tables, badminton court and more. There is an on site restaurant and a full buffet breakfast will start off our days. Each room has either a king bed with pull out or two queen beds, coffee maker, mini fridge and microwave. There is "social" space near the play atrium where we can gather as well as green space outside. We are more than welcome to bring our own chairs and tables! The hotel property sits on 10 acres and backs onto Sturgeon Creek. I can already envision our group sitting out there with a glass of local wine in hand! The Best Western is the best hotel in the area for our group. I know we will enjoy our stay here!

Pelee Island is a very unique spot....you will love cycling and exploring the island. It is a hidden world of history & nature. Enjoy lunch at the winery, shop in local spots, do some bird watching, bike quiet roads, visit a historic lighthouse, enjoy a swim at one of the beaches, pick up a delicious treat at the bake shop, drop into Pelee Art Works and find a handmade treasure, visit the Pelee Island Heritage Centre for a look at Pelee's past and immerse yourself in Your day on the island is a true adventure on Canada's most southern place.

Point Pelee National Park is a just a few kilometers from our hotel. I envision a late afternoon ride on our arrival day....ride the trail through the park, stroll the marsh boardwalk and then hike to the southern tip for a group photo!
